

Council Update – Chief of Police

February 21, 2023

Sergeant Promotion Process – We are currently working with the Ohio Association of Chiefs of Police (OACP) to conduct testing and assessments of our internal candidates.

Donation – The BCFAA approved a donation in the amount of \$2,500.00 for the K9 program. In addition, a member of the association, Mr. Alan Rosen, generously donated \$500.

Events – The department will be hosting the following programs this summer:

June 5th, 7th and 9th: Rape Aggression Defense (RAD) and June 10th: Vehicle Maintenance and Road Safety. More information can be found in the Jeffrey Mansion Summer Program.

Detective Bureau – Detective Fleming is working on several forged check cases and awaiting information he requested from subpoenas. He also processed a burglary scene over the weekend. Detective Fleming attended training on a new BAC machine. He also worked OVI saturation patrol for Super Bowl Sunday where he made several traffic stops and made one arrest for an OVI.

Detective Briley received lab hits on several pieces of evidence and he now has leads on several stolen vehicle cases. He also received a lab submission return from a felonious assault that occurred in September of 2021 that he will be following up on. He is also working with a Grand Jury Prosecutor to present a sexual battery case for indictment.

Detective Byrd is continuing his diligent work on identifying suspects out of the numerous forgery cases he is working on. He has developed several new suspects that he is working to track down.

Detective Sergeant Otte and Detective Fleming interviewed an elderly victim that was being scammed by telephone. Luckily a family member stopped the scam before any money was lost. This is a good reminder that with tax season around the corner there will be many people attempting to take advantage of others. Be wary of anyone asking for money over the phone that you do not immediately recognize, and if they tell you that a family member is in trouble, reach out to the family member that is supposedly in trouble to verify what it is going on. It is very common for scammers to claim that your cousin, nephew, grandson etc. is in trouble and they

need money to keep your relative out of trouble. Scammers may know the name of that relative as well, so be skeptical, especially if you don't recognize the caller.

Statistics:

Start Date	End Date	Calls for Service	Business Check	Total	Incident & Offense Reports	Arrest Reports	Crash Reports	Total	Theft	Motor Vehicle Theft	Burglary/B&E	Robbery
1/1/2023	2/15/2023	2241	325	2,612	114	35	17	166	21	11	8	0
