Livingston Avenue Update and Q&A Event

On Tuesday, October 1 at 5:30 pm, we'll host a Livingston Avenue Infrastructure Update and Q&A Session with leaders and law enforcement professionals from Bexley and Columbus. Letters have been left at residences near Livingston in an effort to ensure all residents are aware. This meeting will provide updates on infrastructure, security, and what to expect next along the Livingston corridor. We'll also review the impact of the traffic calming measures that have already been installed.

One Bexley Gathering - Possible Date Change to October 13

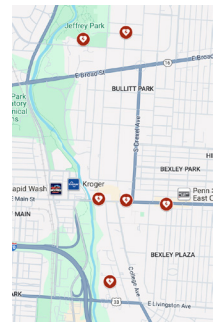

Planning for the 2024 *One Bexley Gathering* is underway and some great changes are being planned to encourage more conversation and connection. The event will once again transform the intersection of Main and Drexel, creating a welcoming space for the community to come together to share a meal and conversation.

Due to some scheduling conflicts, we are looking into a date change to October 13. This should be finalized tomorrow and a special Blast will be sent regarding this change and the event in general.

AED Station Installation Update

The quote for the community AED stations and an ordinance is being introduced tonight to request formal appropriation of the budgeted funds for this project. In accordance with Chapter 1485, installation is being planned for the following locations:

- Main Street at Kindness Park
- Main Street at Parkview
- Main Street at Cassady
- Schneider Park Athletic Fields
- Commonwealth Park Athletic Fields
- Jeffrey Park Tennis Court/Lower Meadow

Mural Fest Wrap Up

The inaugural Mural Fest was a huge success. Hats off to the many employees and committee members who helped to make this a success, but a special Bravo and thank you goes out to Megan Meyer who rose to the challenge day 1 to bring this vision to life.

The murals along Main Street are complete, but there is still exciting mural work afoot on the west wall of City Hall facing the Market District parking lot. A Stay Cool mural is nearing completion, adding color and beauty and important messaging about the crisis of our rising global temperature. Stay tuned for an opportunity to celebrate this mural as a Mural Fest wrap up!

Curbside Leaf Pickup - October 21

Curbside Leaf Pickup is scheduled for October 21, so it's a good idea to remind everyone of some key tips for keeping this program running smoothly.

- Leaves should be left in the tree lawn, unbagged
- No grass clippings or other plant materials may be left - they clog the machines and create lengthy delays
- Be sure that leaf piles are on the curb and not on the street
- Leaving your leaves (by mulching them into your grass) is also a great sustainable option for leaf management
- As in years past, stay tuned to bexley.org/leafpickup for updates!
