Comments <i>(Italicized comments are from previous review)</i>	
3f	Due to the proximity to the South Community Gardens, there is a possibility of having volunteers from the SCG help with either the installation or maintenance of the perennial bed. Responsibilities of maintenance between the City and SCG would need to be clearly identified and agreed upon.
4b	Final material selection will be subject to availability of stone and its coordination with the Fond du Lac steppers for the Birch Walk.
4d	The City is finalizing selection of public site furnishings. It is intended that the standard teak benches be used at Schneider Park. The chess tables have not yet been selected at this time.
4g	The City is finalizing the design and a park-wide signage program. The entry monument sign shown is the most recent version and shown for reference. Note that evergreens will be placed behind the sign to screen the dog wash station.
