# 1939 World's Fair Bike Rack

Close

177.00

6743

The 1939 World's Fair Bike rack mirrors the style of the hoop arm of the same bench. The rack is comprised of the hoop upright and a spreader bar and pipe at the bottom. The rack can be configured with 2 or up to 8 hoops with spreader bars between. Typically enough room is placed between the hoops to allow two bikes in.
