Mr. Kessler stated there is no time limit on filing an official complaint but there is a statement stating the inverse proportion of ease in adequately investigating and the length of time since the event occurred. He also indicated that an appeal can be filed within 30 days of receiving a written response to a complaint from the City. Mr. Kessler indicated information on how to do this is supposed to be presented along with the decision. Mr. Kessler said he believes there has been one formal, written complaint since the form was created and Mr. Fishel stated there was an additional complaint filed prior.

Mr. Nathans explained there are four qualifying conditions to be met for filing an appeal, and within 30 days after the written response is received. Mayor Kessler stated he feels it would be beneficial to enact a timeframe but doesn't have a suggested length.

Mr. Kessler explained his opinions about why there are few complaints and that this group was created to have a robust system of checks and balances but it wasn't expected to be
