**Subject: Director's Final Findings and Orders  
DFFO Summary Report  
City of Bexley, Ohio**

Dear Mr. Miller,

In compliance with the Director's Final Findings and Orders (DFFO) between the Ohio Environmental Protection Agency (Ohio EPA) and City of Bexley dated February 11, 2009, we are pleased to provide our *DFFO Summary Report*. Per your phone conversation with Marci Bland (our engineering consultant) on February 3, 2014, the City of Bexley is requesting an extension for the final submission of the implementation schedule for the improvements proposed by our consultant. The implementation schedule is committing financial resources and requires City Council's review and approval. We are anticipating this could take approximately two months. As suggested, we have provided the summary of the findings and alternatives analysis so you can begin the review process.

If you should have any questions regarding our submittal or concerns with our requested extension, please do not hesitate to contact me at (614) 559-4210.

Sincerely,  
CITY OF BEXLEY, OHIO

Mayor Ben Kessler
