in same location as existing
fence

A wooden pergola structure with a gate, set against a background of trees and a house. The pergola is made of light-colored wood and has a flat top with several vertical posts. The gate is made of vertical wooden slats and has a curved top. The gate is open, revealing a dirt path leading through it. The background shows a dense line of green trees and a portion of a house with a brown roof and white trim.

9' tall pergola/trellis gate
