

# REQUEST FOR PROPOSAL

## BEXLEY SKATE PARK

**PROPOSAL DEADLINE: March 29, 2023 – 5:00 PM**

### BACKGROUND

The City of Bexley Recreation and Parks Department (BRPD) is soliciting quotes for the design of a community concrete skatepark.

### SCOPE OF WORK

#### **Project Background:**

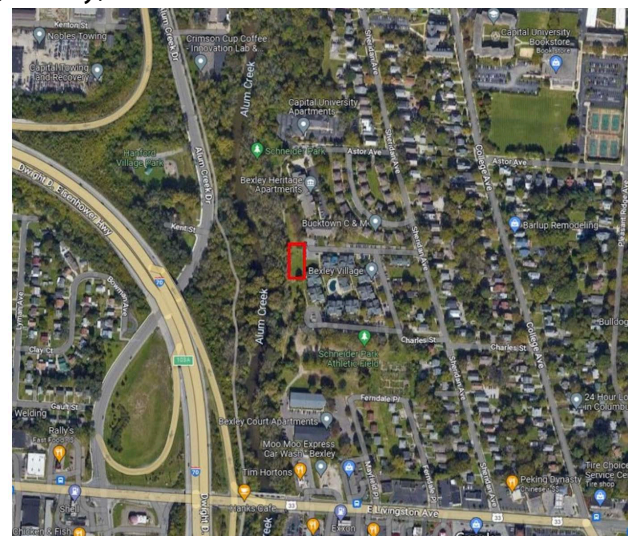

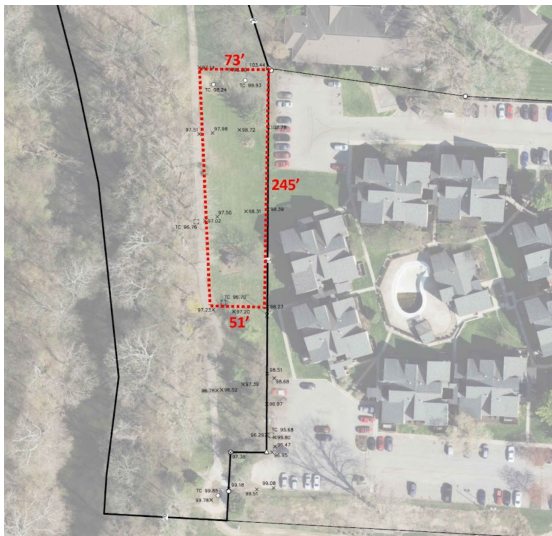

The BRPD has identified a portion of land located within Schneider Park as the potential site for the skatepark. The site consists of available space that has a maximum capacity of 70' x 245', although a portion of the site will be used as landscape buffer from adjacent uses. Although there may be the potential to extend the length, the width of the space is fairly well defined (See map below). We are interested in developing a concrete skatepark or skatespot, possibly to include an integrated pump track. This process will include working with a small committee as well as a public workshop.

#### **The proposal should include and specify:**

- Design pricing
  - Hourly Rate
  - Anticipated project range
- Examples of skateparks of comparable size that your team has completed
- Availability to begin design work
- Availability to complete install of final design

### Skatepark Site Location

Schneider Park Address - 2101 Charles Street, Bexley, Ohio 43209.

### SUBMITTAL INSTRUCTIONS:

Please send all materials to Mike Price at [mprice@bexley.org](mailto:mprice@bexley.org) by Monday, March 27 at 5:00 pm.
