

PUBLIC NOTICE
CITY OF BEXLEY
ARCHITECTURAL REVIEW BOARD
BOARD OF ZONING AND PLANNING

The Bexley Architectural Review Board (ARB) will hold a Public Meeting on the following case on **Thursday, November 14, 2019 at 6:00 PM**, in City Council Chambers, Bexley City Hall, 2242 East Main Street, Bexley, Ohio.

The Bexley Board of Zoning and Planning (BZAP) will hold a Public Hearing on the following case on **Thursday, December 5, 2019 at 6:00 PM.**, in City Council Chambers, Bexley City Hall, 2242 East main Street, Bexley, Ohio.

The APPLICANT or REPRESENTATIVE must be present at the Public Hearing. The Board may dismiss, without hearing, an application if the applicant or authorized representative is not in attendance. The Board may move to consider the application in those circumstances where dismissal without hearing would constitute a hardship on the adjoining property owners or other interested persons.

a. Application No.: ARB-19-13 (BZAP)

Applicant: Amy Lauerhass

Owner: David Hodge & Lindsay Helman-Hodge

Location: 211 S. Ardmore

ARB Request: The applicant is seeking architectural review and a recommendation to the Board of Zoning and Planning, to allow a screened porch addition on the rear of the principal structure, and dormer additions to the existing detached garage.

BZAP: The applicant is seeking architectural review and approval to allow a screened porch addition on the rear of the principal structure, and dormer additions to the existing detached garage.

The applicant is also seeking two variances. The first a variance from Bexley Code Section 1252.10(a)(1), which requires a 20' setback from the street side property for lots 50' – 100' in width, to allow a screened porch addition at the rear of the principal structure to be constructed 14'8" from the street side property. The additional variance request is from Bexley code sections 1252.15(e), which limits a detached garage to 1-story and 1252.15 (g) which requires a 3' setback from the side and rear property lines, to allow a 2nd floor in the existing garage and includes adding dormers to the 2nd floor of the existing non-conforming garage that is located 2'8" from the north side property line and 2' 7" from the rear (west) property line.

A copy of this application is available for review in the Building Department office during the hours of 8:00 A.M. until 4:00 P.M. If you have any questions, please call the Bexley Building Department at 559-4240. Mailed by: 10-31-2019

***(ARB) Architectural Review Board Application - Major Review (for Additions to Principal and Accessory Structures and New Principal Structures that meet the Zoning Code)**
ARB meets on the 2nd Thursday of the month (except December) applications are due 4 weeks prior.

E.1 Variance Worksheet

Description of the Proposed Variance. Please provide a thorough description of the variance being sought and the reason why.

Screened Porch: Side yard setback of 14'-8" in lieu of required 18'-0" setback on corner lot; Existing garage from property lines to be 2'-8" from property line on north side, and 2'-7" from property line on west (alley) side

1. Does the property in question require a variance in order to yield a reasonable return? Can there be any beneficial use of the property without the variance? Please describe.

Existing garage is brick and in great shape. We want to maintain the existing garage.

For the screened porch, if we do a similar sized porch behind the side yard setback line, it would be too close to the garage.

2. Is the variance substantial? Please describe.

We feel they are not. The garage is only a 4" or 5" variance in each direction. The screened porch will sit 1'-4" further from the side yard setback line than the current family room addition sits, and 2'-8" further back than the main house sits.

3. Would the essential character of the neighborhood be substantially altered or would adjoining properties suffer a substantial detriment as a result of the variance? Please describe.

No. The screened porch addition will sit behind an existing fence, as well as substantial landscaping, and will not be visible from the street. The garage is surrounded by other detached garages with gables, and is not above the required 20' ridge height.

E.2 Variance Worksheet

4. Would the variance adversely affect the delivery of governmental services (e.g. water, sewer, garbage)? Please describe.

No.

5. Did the property owner purchase the property with the knowledge of zoning restriction? Please describe.

I do not know if they were aware of the garage height restriction, or the special side yard setback for a corner lot.

6. Can the property owner's predicament feasibly be obviated through some method other than a variance? Please describe.

The garage cannot, due to its existing location. And due to that location, the screened porch cannot either.

7. Is the spirit and intent behind the zoning requirement observed and is substantial justice done by granting the variance? Please describe.

I believe so. This is a narrow lot with a largely non-conforming house. The screened porch sits back further, so we will not impede on the surrounding neighborhood. For the garage, we are trying to maintain the charm of the existing brick garage by leaving it intact, and renovating it to provide more space.
