

PUBLIC NOTICE
CITY OF BEXLEY

BOARD OF ZONING AND PLANNING

The Bexley Board of Zoning and Planning (BZAP) will hold a Public Hearing on the following case on **Thursday, April 23, 2020 at 6:00 PM.,** in City Council Chambers, Bexley City Hall, 2242 East main Street, Bexley, Ohio.

The APPLICANT or REPRESENTATIVE must be present at the Public Hearing. The Board may dismiss, without hearing, an application if the applicant or authorized representative is not in attendance. The Board may move to consider the application in those circumstances where dismissal without hearing would constitute a hardship on the adjoining property owners or other interested persons.

a. Application No.: BZAP-20-7

Applicant: Marc Aubry - Greenscapes

Owner: Foster

Location: 30 N. Drexel Ave.

BZAP: The applicant is seeking a special permit in accordance with Bexley Code Section 1262.06(a) which states there shall be no more than two (2) points of ingress/egress, to allow a circular drive on the Drexel Avenue side of this property, for a total of 3 points of ingress/egress. The applicant is also seeking And 1262.06 (d) which limits the driveway surface to no more than 25% of the required front yard, to allow the new circular drive to extend through to the existing driveway in the front yard (off of Drexel Circle).

*****PLEASE NOTE:** Due to the COVID-19 we ask that you check the City Website: www.bexley.org for any special instruction in the event we need to make changes to our regular process or to inform you if the meeting needs to be postponed. Any questions regarding an application should be emailed to Kathy Rose at: krose@bexley.org and write **ARB** or **BZAP** in the subject line to prioritize it and insure that it is addressed prior to noon on the day of the meeting. Any other questions please call the Bexley Building Department at (614)559-4240.

Project Description

Proposed driveway in front of house.

We are currently re-designing the entire landscape/hardscapes for the home. The homeowner would like a better entrance for guests as they arrive to the home. So, as we re-design the home we would like to include the new driveway in the overall site design. The design is still in its beginning stages, so details like final size, materials and elevation changes are still being worked out. It is our goal to work with the City/Commissions to gain a better understanding of how to accomplish the new drive and then return to the City/Commissions with all the correct information for final approval.

I have read and understand the above criteria

E.1 Variance Worksheet

Description of the Proposed Variance. Please provide a thorough description of the variance being sought and the reason why.

Proposed driveway in front of house.

1. Does the property in question require a variance in order to yield a reasonable return? Can there be any beneficial use of the property without the variance? Please describe.

From initial discussion with the City, the traditional front yard is legally the side yard.

2. Is the variance substantial? Please describe.

No, this is a common occurrence to other homes in the area.

3. Would the essential character of the neighborhood be substantially altered or would adjoining properties suffer a substantial detriment as a result of the variance? Please describe.

No, this is a common occurrence to other homes in the area.

E.2 Variance Worksheet

4. Would the variance adversely affect the delivery of governmental services (e.g. water, sewer, garbage)? Please describe.

No

5. Did the property owner purchase the property with the knowledge of zoning restriction? Please describe.

No, they did not know the front yard is actually the side yard.

6. Can the property owner's predicament feasibly obviated through some method other than a variance? Please describe.

No

7. Is the spirit and intent behind the zoning requirement observed and is substantial justice done by granting the variance? Please describe.

Yes, this is a use that many other homes enjoy in the area.

F.1 Fence Variance Worksheet

F.1-F.2 Fence Variance Worksheet: Side and Rear Yard Restrictions for Corner Lots

1. Compatibility: Describe how the proposed side yard fence or wall exceeding forty-eight inches in height and on the street side of a corner lot compatible with other properties in the neighborhood?

--

2. Height: Please verify that the maximum height of such fence or wall shall not exceed seventy-two inches as measured from the average grade, as defined in Section 1230.06. Artificially raising the height of the lot line by the use of mounding, retaining walls or similar means shall be included within the seventy-two inch maximum height.

--

3. Transparency: Fences exceeding forty-eight inches in height should include transparency in the upper 12” to 18” of the fence through the use of latticework, pickets, or other appropriate design elements. Describe how you have satisfied this requirement.

--

4. Screening: A landscaping plan must be filed with the application for a special permit, indicating how such fencing or wall is to be screened from the street side elevation. The landscape plan should be designed in such a way as to mitigate the impact of a solid fence or wall as it relates to the street and other properties. Describe how the landscape plan addresses these items.

--

5. Visibility and Safety: The installation of such fence or wall shall not create a visibility or safety concern for vehicular and/or pedestrian movement. Please describe any visibility/safety concerns with your design.

--

6. Material Compatibility: No chain link, wire mesh or other similar material shall be installed on lot lines adjacent to public rights-of-way. Please verify that your design complies with this requirement.

--

7. Finished Side: Any fence or wall erected on a lot located at the intersection of two or more streets must have the finished and not the structural side facing the adjacent property, alley or street. Please verify that your design complies with this requirement.

--

F.3 Fence Variance Worksheet: Front Yard Restrictions

The proposed decorative landscape wall or fence is compatible with other properties in the neighborhood.

--

The height of the fence or wall does not exceed the size permitted as above when measured from the average grade of the yard where the fence or wall is to be installed. Artificially raising the height of the lot line by the use of mounding, retaining walls or similar means shall be included in the maximum height.

--

Posts, columns and finials may extend up to 6” above the maximum allowed height of the fence panels. CHAPTER 1264. FENCES AND WALLS City of Bexley Zoning Ordinance

--

A landscaping plan shall be filed with the application indicating how such fencing and/ or wall is to be integrated with existing front yard landscaping.

--

The installation of such fence and/or wall shall not create a visibility or safety concern for vehicular and/or pedestrian movement.

--

The fence and/or wall shall have a minimum of 50% transparency.

--

No chain link, wire mesh, concrete block or other similar type material shall be installed as a decorative landscape wall or fence.

--

That the lot exhibits unique characteristics that support the increase in fence height.

--

G. Demolition Worksheet

Is your property historically significant? Please attached supporting documentation. Recomendated sources include ownership records, a letter from the Bexley Historical Society, etc.

--

Is your property architecturally significant? Please attached supporting documentation. Recomendated sources include a letter of opinion from an architect or expert with historical preservation expertise.

--

If you answered "yes" to either of the above two questions, please describe any economic hardship that results from being unable to demolish the primary residence, and attach any supporting evidence.

--

If you answered "yes" to either of the above two questions, please describe any other unusual or compelling circumstances that require the demolition of the primary residence, and attach any supporting evidence.

--

I will provide a definite plan for reuse of the site, including proposed replacement structures, by completing Worksheets B & C and any other pertinent worksheets, along with required exhibits.

--

Provide a narrative time schedule for the replacement project

--

Please provide a narrative of what impact the proposed replacement project will have on the subject property and the neighborhood.

Mark - what is the width of the proposed driveway?

Marc Aubry February 26th 2020, 3:19:21 pm

It is drawn at 14' wide.

Kathy Rose February 27th 2020, 9:02:13 am

12.5' is the limit for width - If it stays at 14, that would be a variance. Also, could you indicate the distance the approaches would be located from each other and how far the southern approach is from the southwest corner (Drexel Ave. and Drexel Circle)

Marc Aubry March 3rd 2020, 10:35:09 am

If this will already be a variance, i would rather leave it at 14' wide for now. But, if the width is the only part of the project that would require a variance, we can adjust it to 12.5' wide.

Kathy Rose March 3rd 2020, 11:37:39 am

What is the total lot coverage - building plus hardscape? Also there are two approaches in the front yard.....I was planning to add you to my March 26th Agenda.

Marc Aubry March 3rd 2020, 3:44:18 pm

Here are the current numbers, but we will be re-designing the drive & patio area, so it might change. The total lot: 41,100 sf
Hardscape/building: 19,500 sf (47.44%) Drive addition: 2,800 sf Yes, two approaches

Kathy Rose March 4th 2020, 11:10:35 am

I plan to place you on the March 26th Agenda

Kathy Rose March 4th 2020, 11:22:48 am

Will any trees along the Drexel Ave. side of this property be affected?

Marc Aubry March 5th 2020, 8:53:28 am

Great We are not currently planning on impacting the existing trees. But would like to know about replacing them since they are less desirable trees.

Kathy Rose March 5th 2020, 11:57:06 am

Trees located between the curb along Drexel Avenue to a point approximately 8' behind the sidewalk are all city trees and cannot be removed without approval from the Tree & Public Garden Commission.

Marc Aubry March 5th 2020, 5:24:38 pm

Understood, we will tackle this issue after the bigger question of the drive is resolved.

Kathy Rose March 12th 2020, 11:31:18 am

Marc: Can you provide the amount of hardscape in the front yard which includes the existing and proposed drive (This would be on the section of yard that fronts on the circle and from the front of the house to the front property line and from the side property line on Drexel to the lot to the southeast.

Marc Aubry March 12th 2020, 2:11:07 pm

Kathy, I will email you a plan to confirm the boundary of the area to make sure it is correct.

Marc Aubry March 13th 2020, 9:33:03 am

Kathy, based on the current layout: Coverage with existing drive: 18.79% Coverage with existing & proposed drop-off/connection: 40.64% Coverage with existing & no connection drive: 20.57% In the final design the connection between the drop off drive and drive to the garage may be removed from the plan.

Kathy Rose March 13th 2020, 10:42:33 am

I think that may be a part of the review by the Zoning Board, as the circular drive typically connects to the off-street parking in an approved location (which in this case is the garage) as the circular drive detached from the garage access can only encourage parking in the side yard that appears as front yard parking, on this irregular corner lot. I would leave that up to the Board.
