

## Ordinance 49 - 20

By: Troy Markham

### AN ORDINANCE TO AMEND CHAPTER 888 OF THE CODIFIED ORDINANCES

**WHEREAS,** The State of Ohio Legislature, via House Bill 242, pre-empted the lawful and Constitutionally ordained rights of municipalities to exercise powers of home rule and self-governance; and

**WHEREAS,** House Bill 242, which was drafted by national plastics industry lobbyists and has been similarly attempted in other states throughout the nation, prohibits the City of Bexley from mandating that a nominal fee be levied and retained by retailers in conjunction with the distribution of single use carryout bags; and

**WHEREAS,** In 2018 and 2019, the City of Bexley carefully crafted Chapter 888, Single Use Plastics Restrictions, in conjunction with area businesses, in order to ensure that the City's environmental objectives were business friendly and in keeping with a cooperative, community-based approach to environmental stewardship; and

**WHEREAS,** The passage of House Bill 242 has eliminated the ability for the City to provide businesses with components of the consensus-built solution provided by Chapter 888 to avert customers away from environmentally harmful, single-use plastic bags; and

**WHEREAS,** Nonetheless, numerous studies continue to show the negative environmental and health effects of plastics and the chemicals used to produce them; and

**WHEREAS,** Numerous studies have documented the prevalence of plastic carry-out bags littering the environment, blocking storm drains, becoming entangled in tree tops, and fouling beaches; and

**WHEREAS,** Studies have shown the presence of micro plastics in terrestrial and marine life systems throughout the entire planet, resulting in a wholesale contamination of the food supply due to the proliferation of plastic litter and plastic breakdown products; and

**WHEREAS,** Single-use plastic bags cause operational problems at recycling processing facilities, landfills, and transfer stations, and contribute to litter throughout the Columbus region; and

**WHEREAS,** Numerous states and cities throughout the United States have enacted single-use plastic bag and single use plastic bans, resulting in dramatic decreases in plastics waste; and

WHEREAS, Major countries throughout the world have banned plastic bags and/or single use plastics, or announced a ban of all single-use plastics by 2022; and

WHEREAS, The City of Bexley, Ohio has the duty to protect the natural environment, the economy and the health of its residents, wildlife and visitors of the city; and

WHEREAS, A core component of the adopted Mission of the City of Bexley is to “Protect, preserve, and enhance Bexley’s natural and developed environment”;

**NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF BEXLEY, OHIO:**
