

## Mayor's Update to City Council August 22, 2017

### Meet Jordan Cavallaro – Front Desk Operations

Jordan Cavallaro has been hired as the part time "front desk operations" position. She'll mostly be working Monday through Thursday, and with her position we can now expand city hall hours to 8:00 to 5:00 on Monday through Thursday.

### Met with the Community Shelter Board

I had a good meeting with the Community Shelter Board executive director, Michelle Heritage. The CSB serves as the funding conduit for non-profit and government funding of homeless shelters and homeless outreach programs throughout central Ohio. Michelle provided me with some good connections and resources for further discussing affordable housing issues

### Capital University Master Plan

Last week, Capital University had a kickoff meeting of their master planning effort. They plan on holding several community workshops. Dates and venues will be determined, but we'll assist them in getting the word out.

### Commonwealth Park Master Plan – September 25<sup>th</sup> Public Workshop

There will be a public workshop at 6:30 pm on September 25<sup>th</sup> for the Commonwealth Park Master Plan. Facilitators will discuss several options for improvements for the park, and solicit feedback on the ideas as well as open feedback about other ideas for the park.
