### Green Bexley Bootcamp

Green Bexley Bootcamp is a 6-week event being planned by the ESAC and focusing on Bexley's sustainability efforts and sustainable living. Upcoming events are open to all and are:

November 13:	Food Waste 101
November 20:	Green Drinks with Green Columbus

### Menorah Lighting

The Menorah Lighting, organized with Chabad Columbus, is not yet scheduled, but will be December 22 or 23. Rec Board is meeting tomorrow night to discuss request by Chabad to have a helicopter dreidel drop at the event.

### 4th of July Calendar

As discussed several years ago during the council retreat, the 2020 4th of July falls on a Saturday. My guidance to organizers has been to plan on the celebration being on the 4th every year on a go-forward basis, including both Saturdays and Sundays. As previously requested, I would appreciate council adopting this policy via resolution so that it is affirmed through a public process. I would suggest that the new council vote on such a resolution early in 2020.
