The below email and the below blurb to correspondence, thanks, Tim

From Katya Czaja:

Hey, I can't attend the Oct. 18th meeting but I wanted to share a couple of thoughts about pitbulls. While most pitbulls, if well trained, can be very sweet with their owners, they can also be unpredictable when they get loose or feel territorial. When they do attack, they do significantly more damage than other dogs. While it would be wonderful if all dog owners could keep their dogs under control at all times, that is not realistic. Last year my son was bitten on the hand while selling popcorn door-to-door. My neighbors' normally nice black lab has 3x rushed out of their yard aggressively snarling at my children and once at me. Bexley dog owners regularly ignore leash laws. I would prefer that we continue to not allow pitts and pitt mixes in Bexley.

Timothy G. Madison
