Hi there! My name is Julie Watson and I live on North Cassady. I have heard about a possible apartment complex that will be going up down the street to replace Art for Anna. Maybe affordable housing or low income? I think that is a great idea! I just wanted to let you know that I support it 100%! I think it's important for Bexley to Create opportunities for people from different socioeconomic backgrounds to live here. I have heard word that parking might be an issue and that makes sense to me. However if this site will not work my hope is that we can creatively come up with other options in Bexley for affordable and or low income housing. Thank you for considering this possibility.
