I just wanted to submit my opinion about Mayor Kessler's decision to enact yet another mask mandate. I have dutifully worn a mask for 18 months without comment or complaint.

Since we now know that science has proven masking to be ineffective, and in some instances harmful, it is insane that this is an option. I feel strongly that intelligent people will stay home when they're sick, and distance accordingly – – subjecting everyone to wearing ineffective measures is not only arbitrary, but insulting.

I hope you understand my concern and will truly give thought to this decision considering that we know much more about how COVID-19 is transmitted,
