Your  
comment  
to the  
Bexley  
City  
Council:: I am deeply disappointed in the Mayor and this council for mandating masks again in Bexley. The science is not there and we do not need this mandate. Many of the unvaccinated people have chosen not to wear a mask regardless of the recommendations. I am vaccinated and I do not plan to comply nor is there anything that you or the city can do about it. You are putting the businesses in a very compromising position to comply - when they know that their customers will not. They need our support and money spent - so once again you are hurting your own community.
