Hi all! I hope this email finds you well, and warm!! Regarding the biking lane considered for Drexel.... We walk daily on Drexel, from Bryden to Broad. The number of cars speeding AND running through the pedestrian crossing lanes - when pedestrians are trying to cross - is ridiculous.

It is my opinion that adding bicycle lanes to this street, until the traffic is slowed, is a poor decision. Please know I would *love* to see our community more biker friendly. Adding medians may be our best alternative, at this time.

Happy Friday!
Lauren
