Hello Mayor Kessler.

I was told the bike lobby here in Bexley is strong, but I feel obligated to push back on the bike lane option on South Drexel. I am NOT for bike lanes. They do not accomplish safety goals. If slowing down traffic on Drexel is a concern, the medians can accomplish that along with reducing the speed limit.

I am actually for option C - leave it alone, but it is a done deal so my input is NO bike lanes.

Thank you for reading this.
