Good afternoon,

I am writing in support of the proposed protected bike lane on Drexel.

I live in South Bexley and my family rides bikes everywhere. In the warmer months, I often pull my 3 year old daughter, Eleanor, in our bike trailer to the Bexley pool. Eleanor's grandfather often takes her on the child seat behind his bike to play at the grounds of St. Alban. Some days, we pick up her best friend Maris, who lives on Euclair, and we ride to Jeffery Woods together.

Our trips would be much safer if there was a protected bike lane on Drexel. When Eleanor is older, I am sure she will be riding all over Bexley with her friends. Please choose option B as that will ensure the safety of my daughter and her friends in the future.

Ride on,
Katherine Donnan, Adam and Eleanor Dooley
871 Francis Ave
