Hello,

My name is Tina Muscarella and I live at 48 S Drexel.

I am sending you this e-mail to express my strong opposition to both plan A and plan B of the project.

With Plan A I will be unable to turn left out of my driveway and also be unable to turn into my driveway, driving south on Drexel. I see the same issues on other streets in Central Bexley.

I am completely opposed to plan B because of the parking restrictions. It would limit parking for guests, contractors, and service providers.
