Your comment to the Bexley City Council: I am concerned about the proposed change in the parade route for the 4th of July. My concern is for the participants. It is already a very long parade route, compared with other cities in central Ohio. The proposed route adds .4 miles - almost a half mile. That is a lot for participants who have already covered 1.6 miles. By the time the parade reaches Mound St., so many of the people (mostly children) are starting to fade. It is always very hot and humid on the 4th. Also, I feel that it is very important for the parade to pass by Montrose school. It provides a place to "bale" if a participant is suffering from fatigue, heat exhaustion. etc. Also, Montrose provides the perfect place for people from all parts of South Bexley to gather and view the parade. There is plenty of space for literally hundreds of parade watchers. I hope you will reconsider this proposed change for the safety of the participants and the convenience of all of South Bexley residents. Thank you for your consideration.
Sincerely, Rochelle Young
