Your comment to the Bexley City Council:: Has a traffic study been completed as part of the proposed affordable housing project at [2300 E Livingston](#)? If a study has been completed please let me know if it is available to the public. If a traffic study has not been completed please let me know if one is scheduled. The intersection at College and Livingston is extremely busy and I believe a high density housing project would make a bad intersection worse. I'm planning to attend the City Council meeting on Jan 23 but a response prior to the 23rd would be appreciated. Thank you.
