Hello Mr. Klingler,

One of my neighbors, Mr. David Frolick shared with several of us his concern for the safety of pedestrians on Roosevelt and Gould between Fair ave and Matin St. Cars are speeding and making it a challenge to cross the streets safely.

I am writing to you in support of his concern.

I walk often around Bexley since I have dogs and I do see many cars speeding and sometimes have difficulty crossing Roosevelt road on Sherwood road. I am also concerned for the safety of students as they walk to and from school during the busy hours of the day.

Please see attached the letter from Mr. Frolick.

Thank you for your consideration and review on this important safety topic for our community.
