Your comment to the Bexley City Council:: Hello, I am in favor of adding housing to our neighborhood. I trust that as our community grows, we will use creative measures to increase our schools' footprints and capacities. I do wish however to comment on the proposed transition of the alley/walk way between Bryden Road and the Capital parking lot to be used as an entrance or exit point for the new 218 apartment units. I believe that would create a strain on Bryden, decreasing the safety of the area. Right now kids (and adults) can cross and walk through the area safely and easily. If it were a main entrance and exit, this would irrevocably change. If we were to make it a walking pedestrian path, I believe it would strengthen our identity as a walking community. Decreasing car traffic in the neighborhood and increasing foot traffic not only increases safety but also increases neighborly interactions and strengthens communities. Thank you for your consideration.
