Your comment to the
Bexley City Council:: Kudo's on the "Clean Energy Aggregation" program. It is a definite win-win, for both Bexley residents and the environment.

Are you considering something similar for "Gas"? While our January electric bill was just a little over \$53, our gas bill was over \$100. We checked with Dynegy, but found out that they do not handle natural gas.

Please keep up the good work.
