Your
comment
to the
Bexley
City
Council:: We are writing in support of development of affordable housing in Bexley. There is a critical affordable housing shortage in Columbus that is taxing our shelter system and preventing a significant number of our citizens, especially families, from achieving the basic dignity of safe housing with access to schools and other public services. As a community with significant resources, Bexley should do its part in supporting affordable housing by changing zoning requirements to allow multifamily housing and ADUs and providing financial incentives for land acquisition and development.

Thank you for taking on these critical issues.
