Provided, however, that the appropriation hereinabove made for said improvements is subject to the qualification that interest at the rate of 3% per annum for the period prior to the collection of the first installment so to be levied shall be included in said respective amounts, and the amount necessary to pay such interest is hereby appropriated for the payment thereof and for no other purpose, and the respective amounts above set forth shall be reduced by the apportioned amounts for the payment of said interest.

Any premium and accrued interest (and the amount necessary for the payment of interest prior to their maturity) shall be transferred to the Sinking Fund to be applied in the payment of principal and interest of said notes in the manner provided by law.
