

1

ORDINANCE NO. 1-45

By Mr. Betz

To fix the prices to be charged by Columbus and Southern Ohio Electric Company, its successors and assigns, for electric current in the City of Bexley, Ohio, during the period of five years from the effective date of this ordinance.

BE IT ORDAINED by the Council of the City of Bexley, Ohio:

Section 1. That for the period of five years from and after the effective date of this ordinance, the rates and prices which Columbus and Southern Ohio Electric Company, its successors and assigns, shall be entitled to charge for electric current furnished to the consumers in the City of Bexley, Ohio, are hereby fixed at not to exceed the following:

RESIDENCE SERVICE  
ALTERNATING ELECTRIC CURRENT  
SERVICE

The service furnished under this schedule is alternating electric current, single phase, 60 cycles, 120-240 volts supplied through overhead distributing mains.

First 40 kilowatt-hours per month at  $4\frac{1}{2}\text{¢}$  per K.W.H.  
Next 60 kilowatt-hours per month at 4¢ per K.W.H.  
Next 60 kilowatt-hours per month at 3¢ per K.W.H.  
All over 160 kilowatt-hours per month at  $2\frac{1}{2}\text{¢}$  per K.W.H.

One cent per kilowatt-hour will be added to bills not paid when due, for the first one hundred kilowatt-hours per month.

Minimum monthly bill, fifty cents.

OPTIONAL  
RESIDENCE SERVICE  
ALTERNATING ELECTRIC CURRENT

The service furnished under this schedule is alternating electric current, single phase, 60 cycles, 120-240 volts supplied through overhead distributing mains.

First 50 kilowatt-hours per month at 6¢ per K.W.H.  
Next 50 kilowatt-hours per month at 3¢ per K.W.H.  
All over 100 kilowatt-hours per month at 2¢ per K.W.H.

One cent per kilowatt-hour will be added to bills not paid when due, for the first one hundred kilowatt-hours per month.

Minimum monthly bill, Three Dollars.

COMMERCIAL LIGHT AND POWER  
SERVICE  
ALTERNATING CURRENT SERVICE

The service furnished under this schedule is alternating electric current, single phase, 60 cycles, 120-240 volts; and three phase, 60 cycles, 220-440 volts for commercial light and power purposes.

First 25 kilowatt-hours per month at 5¢ per K.W.H.  
Next 25 kilowatt-hours per month at 4½¢ per K.W.H.  
Next 450 kilowatt-hours per month at 3¢ per K.W.H.  
Next 1,500 kilowatt-hours per month at 2½¢ per K.W.H.  
Next 8,000 Kilowatt-hours per month at 2.1¢ per K.W.H.  
Next 40,000 kilowatt hours per month at 2¢ per K.W.H.  
All over 50,000 kilowatt-hours per month at 1½¢ per K.W.H.

One cent per kilowatt-hour will be added to all bills not paid when due, for the first two hundred kilowatt-hours per month.

Minimum monthly bill, fifty cents.

INDUSTRIAL SERVICE

Available for power service to consumers using single or three phase alternating current, 60 cycles, at approximately 120-240 volts single phase or 220-440 volts three phase, supplied through overhead distributing mains.

RATE: TWO CHARGES

Capacity Charge:  
\$1.25 per month per K. W., or fraction thereof, of maximum capacity.

Energy Charge:  
For the first 10,000 kilowatt hours consumed during any month.....1.5¢ per K. W. H.

For all over 10,000 kilowatt hours consumed during the same month... 9¢ per K.W.H.

MINIMUM CHARGE

The minimum monthly charge hereunder shall be the capacity charge hereinabove set forth.

PROMPT PAYMENT DISCOUNT

A discount of 5% will be allowed on all bills paid when due.

DETERMINATION OF MAXIMUM CAPACITY

For installations of 14,920 watts and less the maximum capacity shall be based upon the manufacturer's rating of the equipment installed by the consumer, as follows:

For installations up to 3730 watts.....90% of installed capacity;

For installations from 3731 to 7460 watts.....80% of installed capacity;

For installations from 7461 to 14,920 watts.....70% of installed capacity;

For installations in excess of 14,920 watts, the maximum capacity shall be the highest registration of a thirty-minute interval integrating demand meter.

At the option of the Company the maximum capacity may be established each month by a permanently installed demand meter, or by periodic tests. The Company reserves the right to make tests from time to time as conditions may warrant, and will make tests at the request of the consumer, provided that not more than two such request tests will be made in any twelve months' period. When determined by periodic tests, the maximum capacity so determined shall be used for billing purposes until changed by subsequent tests. If the consumer makes such use of the electric energy furnished (for instance the operation of electric shovels, hoists, welders, X-Ray apparatus, etc.) as to cause fluctuations to the extent that the Company is required to provide additional or larger facilities to care for such fluctuations, then the consumer shall contract for a maximum capacity commensurate with such requirements.

The maximum capacity used for billing purposes shall in no case be less than 50% of the maximum capacity required, as stated in the individual contract.

#### INDUSTRIAL SERVICE

Available for power service to consumers using three phase, 60 cycles, alternating current, at approximately 4,000 volts or higher, supplied through overhead distributing mains, who furnish, install, operate and maintain in good condition a suitable substation, consisting of transformers, voltage regulating equipment, oil switches and all other equipment and appurtenances that may be required for safe operation.

#### RATE: TWO CHARGES

##### Capacity Charge:

For the first one thousand kilowatts of maximum capacity  
\$1.25 per K.W. per month

For all kilowatts of maximum capacity in excess of one thousand kilowatts \$1.00 per K.W. per month

Energy Charge

For the first 10,000 kilowatt hours consumed during any month 1.5¢ per K.W.H.

For all over 10,000 kilowatt hours consumed during the same month .85¢ per K.W.H.

MINIMUM CHARGE

The minimum monthly charge hereunder shall be the capacity charge hereinabove set forth.

PROMPT PAYMENT DISCOUNT

A discount of 5% will be allowed on all bills paid when due.

DETERMINATION OF MAXIMUM CAPACITY

The maximum capacity shall be the highest registration of a thirty minute interval integrating demand meter.

At the option of the Company the maximum capacity may be established each month by a permanently installed demand meter, or by periodic tests. The Company reserves the right to make tests from time to time as conditions may warrant, and will make tests at the request of the consumer, provided that not more than two such request tests will be made in any twelve months' period. When determined by periodic tests, the maximum capacity so determined shall be used for billing purposes until changed by subsequent tests. If the consumer makes such use of the electric energy furnished (for instance the operation of electric shovel, hoists, welders, X-Ray apparatus, etc.) as to cause fluctuations to the extent that the Company is required to provide additional or larger facilities to care for such fluctuations, then the consumer shall contract for a maximum capacity commensurate with such requirements.

The maximum capacity used for billing purposes shall in no case be less than 50% of the maximum capacity required, as stated in the individual contract.

and that, except as hereinafter provided, no additional or extra charge or charges shall be made for such service.

Section 2. If in the calendar year 1945 or any calendar year of this ordinance period the unit expense to the Company per kilowatt-hour of total energy sold, on account of (a) taxes

and other public charges, whether federal (exclusive of excess profits taxes to the extent that they increase the total federal tax liability computed as if no excess profits tax were payable), state, municipal or otherwise, (b) fuel, and (c) wages (exclusive of salaries of administrative officers as defined by The Public Utilities Commission of Ohio's classification), shall be less or greater than such unit expense for the year 1941 by as much as five per cent, the Company shall forthwith upon the determination thereof, but not later than March 31st of the next succeeding year, give written notice thereof to the Municipality; and shall thereupon in the event of such decrease deduct from all bills hereunder rendered by it in the twelve months next following the expiration of thirty days next following the date of said notice a surcharge of four-tenths of one per cent for each full one per cent of such increase.

The foregoing shall be effective and binding upon the Municipality and the Company, its successors and assigns, whether such change in such unit expense be due to variations in total expense for said items (a), (b), and (c), or to variations in the total number of kilowatt-hours of energy sold, or to both.

In the event of such increase or decrease, the Company shall file with the \_\_\_\_\_ of the municipality, together with said notice, a sworn itemized statement setting forth the facts and figures justifying such increase or decrease; but no such increase shall be made until the expiration of thirty days next following the date of said notice and the furnishing of said statement. The Municipality shall also have the right at any and all times to examine and inspect all vouchers, accounts, records and other data of the Company relating to such taxes and other public charges, fuel, wages and energy sales.

Section 3. That this ordinance shall take effect and be in force from and after thirty-one days from its passage and shall apply to all monthly bills there-after rendered, provided it has been assented to by said Company by written acceptance filed in

the office of the \_\_\_\_\_ of said \_\_\_\_\_ on or  
before thirty days after its passage.

Passed this 23rd day of January, 1945.

APPROVED, 23rd day of January, 1945.
