Whenever any tree or shrub shall be planted or set out in conflict with the provisions of this Chapter, the Commission may cause removal of the same but the City shall not be obligated to replace the tree or shrub planted without compliance with this Chapter.

1026.15 DEAD OR DISEASED TREES.

It shall be unlawful for any property owner to maintain, or permit to stand on his property, any dead, diseased or damaged tree, shrub, evergreen or other plant which is deemed by the Department to be a menace to the public peace, health or safety. The Director may remove or cause or order to be removed, any tree or part thereof which by reason of its nature is injurious to public improvements or is deemed a menace by condition to the health, safety and welfare of the public. The Director shall order removal of such tree or shrub identified as dead, diseased or a menace, by letter sent first class mail. The owner shall have fifteen (15) days from the date of mailing to affect such removal. If the property owner fails to comply within the specified time, the City, its employees or agents may enter onto the property to remove such tree or shrub and to bill the property owner for the cost of the work and an administrative fee, or if necessary to assess the property owner as provided by law in the case of special assessments.

The person to whom an order is directed may appeal the order of the Director by notifying the Commission of such an appeal within fifteen (15) days after receipt of written notice. The Director will delay enforcement of the order until such time that the appeal may be presented to and decided by the Commission.

1026.16 DUTY OF PROPERTY OWNER TO PRUNE PRIVATELY OWNED TREES.

It shall be the duty of any person or persons owning or occupying real estate bordering on any street upon which property there may be trees or shrubs, to prune, or cause to be pruned such trees or shrubs in such manner that they will not obstruct or shade the street lights, obstruct the passage of pedestrians on sidewalks, obstruct vision of traffic signs, obstruct view of any street or alley intersection or generally obstruct vehicular traffic. Tree limbs extending over a sidewalk shall be trimmed to such an extent that no portion of the same shall be less than eight feet above the sidewalks. Tree limbs extending over streets and alleys shall be trimmed to a minimum of fifteen (15) feet so as to not interfere with the normal flow of traffic.

If any person or persons owning or occupying real estate property bordering on any street fails to prune trees or shrubs as herein provided above, the Director shall order such person or persons within fifteen (15) days after receipt of written notice, to so prune such trees or shrubs.

The order required wherein shall be served by mailing a copy of the order to the last known address of the property owner by first class mail. The owner shall have fifteen (15) days from the date of mailing to comply.

When a person to whom an order is directed shall fail to comply within the specified time, the City, its employees or agents may enter onto the property to prune such trees or shrubs and to bill the property owner for the cost of the work and an administrative charge, or if necessary to assess the property owner for same as provided by law in the case of special assessments.

A separate offense shall be deemed committed each day during or on which a violation or noncompliance occurs or continues. The application of a penalty under this section shall not preclude the City from seeking an injunction to enjoin prohibited acts or specific performance to compel actions required under this Chapter or making application for and obtaining any other appropriate equitable remedy.

Section 2. That Chapter 1026 as in effect prior to the effective date hereof is hereby repealed in its entirety.
